

Weddings Made Easy

Tailor-Made Packages: You Decide & We Provide!

Wedding planning services

Weddings Made Easy offer a bespoke wedding planning service, ensuring any wedding requirement, whether large or small can be catered for. We have designed a number of wedding planning services, that we feel cover all possible areas of planning your wedding. However we are happy to design a specific and individual package to fit in with your requirements.

Wedding Research

“...Thank you so much for all your time and effort that went into our wedding preparations. Everything was perfect...”

Sophia and Ben, Shepperton.

“Justin wants to thank you again for keeping me sane through the preparations and keeping the potential Bridezilla moments at bay...”

Justin & Caroline Moon, Esher

“I can honestly say that you took our breath away when we walked into our marquee. Everyone is still talking about the table arrangements, they were beautiful...”

Michael and Rachel, Hampton.

“I can only repeat how impressed we were by the quality of work produced by your team. You are Surbiton’s best kept secret!”

Laura Mullin, Thames Ditton.

Weddings Made Easy

Tailor-Made Packages: You Decide & We Provide!

No Obligation Consultation

All couples are initially invited to a free no obligation consultation with Sarah Ward at a venue of your choice to view our portfolio of weddings and our in-house team and to discuss your dreams and ideas. At the initial consultation we will define the theme and style of your wedding as well any other special touches which you may require.

Complete Wedding Design & Management:

WME will work together with you to ensure that your wedding day is planned to perfection. We have an experienced team who will work with you to organise every detail so you can sit back and enjoy the preparations. Every couple is unique and with this in mind we offer a personalised and friendly service, ensuring that your wedding reflects your individual personality, taste and style. Our complete wedding design & Management option is our most comprehensive service available, and is ideal for couples who want a dedicated professional wedding planner to take care of all their arrangements.

Bespoke Wedding Planning Service

Our Bespoke Wedding Planning Service is ideal for couples who have started planning their wedding, but are feeling overwhelmed by the preparations or are running short of time. Tailored to your individual needs and available at any stage of your planning, this option allows you to relax and enjoy the rest of your wedding organisation with the reassurance of an experienced professional taking care of any outstanding arrangements. During a complimentary, no-obligation consultation, we will go through your existing wedding preparations, discuss outstanding arrangements and advise on the assistance we can provide.

On-site Wedding Day Management

Our Wedding Day Management service is perfect for couples who are planning their own wedding, but wish to have the reassurance of having a professional wedding planner on-site on the day of their wedding to be on hand to manage the days arrangements.

The intimate Detail

Many couples work extremely hard to plan their wedding, but the last few weeks sometimes become an unwanted stressful time. With our intimate detail service, we take care of all those last minute preparations, meaning you can relax and enjoy the build up of your special day.

Supplier management service

Our supplier management service is the first stage of WME's wedding planning service. This package is ideal for couples that would prefer a more hands on role to their wedding but would like our assistance with providing you with an in-house team of wedding suppliers and to be given your own personal wedding coordinator who will take care of all administrative duties relating to the booking and arrangement of your wedding suppliers. The package also gives you the exclusive right to view our team's portfolios and meet them to discuss your requirements.

Wedding Venue Decoration

Our wedding venue decoration package offers our couples the "wow factor" for their wedding day. We will devise a look, style and theme to run through your wedding day and set up your venue as you wish. We will either follow your instruction or design a package with our venue stylists that will transform your ideas a reality.

If you wish to discuss any of our specific services or would like some more detailed information sent to you regarding these services, please do not hesitate to contact Sarah Ward on 07939 005570 or email us at info@weddings-madeeasy.com and we will be more than happy to help you with your enquiry.
